**(a) Monday, April 22, 2013 at
7pm - 9 pm at Pip Moyer
Recreation & Parks Center, 273
Hilltop Lane, Annapolis, MD**

**(b) Tuesday, April 30th, 2013 at
7pm – 9 pm at City Hall, 160
Duke of Gloucester Street,
Annapolis, MD**

**Public Transportation: *These
locations are accessible by
Annapolis Transit***

SUMMARY OF PROPOSED CHANGES

1. *Weekday Service Expansion on the Brown Route*

Add one (1) more bus (all day) to reduce headways from 45 minutes to about 30 minutes. This will replace the current plan of running 2 more buses during weekday AM and PM peak periods.

2A. *Saturday Schedule Changes on four (4) routes - Red, Green, Yellow and Brown.*

Proposed changes based on survey of current riders. Current Saturday schedules will be replaced by a new Saturday Purple schedule with a frequency of about 45 minutes.

2B. *Adjustment to Span of Service on Saturdays*

As part of Saturday schedule changes, span of service will also be adjusted based on surveys of existing users per bus hour. Findings: riders per bus on. It is proposed that service on Saturdays will start at 7 am.

3. *Circulator (City side) – Span of Service Adjustment*

Currently, circulator service starts at 6:30 am everyday. Based on survey of existing riders per bus hour, it is

proposed that service starts at 8:00 am everyday. There is no change in service end times.

IMPACTS OF PROPOSED SERVICE ADJUSTMENTS

1. *Weekly Service Hours:* will be reduced by about 6.74%.

2. *Saturday Ridership:* Proposed adjustment of span of service and Saturday schedule changes are expected to have a minimal impact on ridership, about 4.01% reduction in total ridership.

3. *Service area:* Some housing complexes will be negatively affected. Some residents in housing complexes that are presently served on Saturdays by the Red and Brown routes would have to walk farther (0.3 – 0.4 miles) to access the new Saturday Purple Route.
